

CENTURION MINI

SAFETY FIRST

FOR CRG, SAFETY IS NOT AN OPTION, IT'S A MUST. THIS IS TRUE FOR ALL PRODUCTS AND ESPECIALLY FOR THE MODEL MADE FOR THE YOUNGEST DRIVERS (AGES 7-12). IN FACT, THE CENTURION MINI IS EQUIPPED WITH A FIXED SEAT INTEGRATED INTO THE CHASSIS AND A ROLL-BAR WITH FOUR-POINT SEAT BELTS.

COMFORT

THE CENTURION MINI'S QUICK AND EASY RETURN-SPRING PEDAL ADJUSTMENT SYSTEM ALLOWS DRIVERS OF ALL SIZES TO ENJOY A SAFE AND COMFORTABLE DRIVING EXPERIENCE.

FULL OPTIONAL

ACCORDING TO CRG'S PHILOSOPHY, JUST BECAUSE A KART IS INTENDED FOR THE LITTLE ONES, IT DOESN'T MEAN IT SHOULDN'T MEET THE HIGHEST QUALITY STANDARDS. LIKE OTHER CENTURION PRODUCTS, THE MINI IS BUILT WITH THE BEST ART COMPONENTS (SUCH AS THE CARDAN JOINT ON THE STEERING SHAFT AND AN EASY TO USE PEDAL ADJUSTMENT HANDLE SHOWN IN THE PHOTO).

RELIABILITY

IAS: IMPACT ABSORPTION SYSTEM.
A REVOLUTIONARY IMPACT ABSORPTION SYSTEM, SIMPLE BUT INGENUOUS, ENABLES THE CENTURION KARTS TO RECEIVE IMPACTS IN AN INNOVATIVE WAY. THIS SOLUTION PAVED THE ROAD TO A NEW GENERATION OF RENTAL KARTS SOLD IN EVERY PART OF THE WORLD. THE FRAME COMES WITH A 6 MONTH WARRANTY.

LOW MAINTENANCE

BESIDES BEING FAST AND HIGH-PERFORMING, RENTAL KARTS SHOULD BE RELIABLE AND DURABLE. THIS IS WHY CRG HAS EQUIPPED EVERY MODEL IN THE CENTURION LINE, INCLUDING THE MINI, WITH HYDRAULIC SELF-VENTILATED BRAKES THAT INCLUDE A GAS SHUT-OFF FUNCTION, WHICH AUTOMATICALLY ACTIVATES WHEN THE DRIVER STEPS ON GAS AND BRAKES AT THE SAME TIME.

ENGINES

AVAILABLE WITH HONDA GX120
ENGINE.
